Continuation Sheet (PTOL-303) 009/486,676

Continuation of 2. NOTE: The proposed amendment raises new issues that would require further consideration. For example, claim 46 recites a composition, however, the parent claim 25 is directed to a conjugate. In addition, claims 25 recites the second region "consist a protein." However, the depending claims (29-31, 33 and 34) recite the second region "comprises" which fails to further limit the parent claim. Therefore, the proposed amendment will not be entered.

Continuation of 5. does NOT place the application in condition for allowance because: the proposed amendment raises new issues that require further consideration (see box 2 above). Therefore, such amendment will not be considered and the claims are rejected for same reason set forth in the final rejection.
